

PECTUS OF THE THIRD VOLUME
E. O. HILL, COLUMBIA

A PAPER FOR THE PEOPLE.

E. S. HAMILIN and A. M. GANWATER, Editors.

THE CAMBRIAN is a weekly newspaper, published Wednesday, on a handsome sheet, at the very low price of 10 CENTS PER COPY.

In Politics, while we oppose the entire and complete abolition of slavery, we are in favor of the rights of Man, and will oppose whatever measures tend to the degradation of the colored race. We are in favor of the National League, the Civilian League, Individual Personal Service, and the entire development of the colored man into his rights as a citizen.

We are in favor of the National League, which strangely enough the National Legislature represent as applying to the slave trade, not to the slave trade.

Respecting the law of Progress, it will tend to the improvement of the race.

It is a well-known fact that the Slave Power, and the degradation of the colored race, are the two great evils involved in our slave system. plote this revolting object, but we warn the Oost plunders and negro-catchers political gamblers, that all their attempts to hide their truth will be vain. The free people of the North will not be deceived by the lies of the conspirators to make it—*W. W. T. Tribune*

DEATH OF REV. JOSIAH HUTCHMAN.

With deep sorrow, we announce to our readers at a distance, that the grave has closed upon all that was mortal of the Rev. Amos Huph-

He died last Saturday, at 2 o'clock, of an affection of the lungs.

The death of Mr. Hutchman is a public calamity. He has long been one of the leaders and advisers of the Anti-Slavery cause, which it is the aim of this paper to advance. Endowed with a superior intellect, which was admirably nurtured and disciplined by study, and possessed

force consequences, his services in the great cause of Freedom were invaluable.

An insidious disease, which lends its victims along the road to death, tantalizing them ever and anon with the hope of recovery, has now been realized, has carried him to the tomb, amidst the bitter yet unavailing regrets of a large circle of friends and admirers. But although he has fallen, his noble example, his untiring industry, his self-sacrificingness, he leaves to his fellow-laborers the example to follow.

Address
JAMES F. THOMAS,
Attorney at Law, Washington.

AYER'S CHERRY PECTORAL.

Extract from a letter by the Rev. Mr. Churchill, of Boston, who is now travelling for his health in the East:

"It gives one an ever-present idea of the expansive enterprise of his countrymen, to find their commodities of such general use, and to find them so generally appreciated. We have not visited any considerable city of Turkey, where I did not find the medicines of my country represented by Ayer's Cherry Pectoral. I have seen it in Smyrna, Jerusalem, and Constantinople, we are in each, the door

WHAT DO THE PHYSICIANS SAY!
Ladies, in the testimony of an eminent physician in favor of Dr. McLane's Vermifeuge, which is now universally acknowledged to be the best in use. These numbers of the medical faculty who are so often opposed to the use of this valuable remedy, cannot withhold their approval of this invaluable remedy.

I have used Mr. Melrose's Worm Specific in my private practice, and we prepared to say that the unparalleled success with which I have used it to cure, both for children and adults, the various forms of intestinal worms of any specific or patent medicine ever before brought to my notice. The mode of administration, the smallness of the dose, and the certainty of cure, give it, in my opinion, a decided advantage over any other medicine of the kind before the public.

Purchasers will please be careful to ask for Dr. Melrose's Worm Specific.
